

**AP13 – Elmhurst Energy
Design SAP 2005 & 2009
Software order form**

ELMHURST ENERGY SYSTEMS (EES)

Design SAP 2005 & 2009 Software

ORDER FORM

** All prices indicated in this document are exclusive of VAT at current rate unless otherwise clearly stated.*

Elmhurst Energy Systems Limited has an unrivalled reputation and experience in the provision of energy rating software, training and accreditation.

Elmhurst design SAP software has been developed for producing calculations on new build dwellings to demonstrate compliance with building regulations, produce documentation for building control and if the SAP assessor has completed the appropriate training and is accredited they can produce On Construction energy performance certificates.

In addition to Design SAP 2005, Elmhurst is pleased to announce that our Design SAP 2009 software has received Government approval. As an interim measure in accordance with the Government implementation program, when purchasing the Design SAP software you will receive a copy of SAP 2005 and SAP 2009. SAP 2009 will have a number of phased updates between now and April 2011. These updates will introduce additional features to the software, including an integrated U-value calculator and the ability to lodge new build EPCs, all working towards the final integration of SAP2005 & SAP 2009 in April 2011.

Order form

Training

Elmhurst provide various training packages on the use of Elmhurst Design software, we recommend that all users of our software complete an appropriate training course. If no training has been completed by users of the Elmhurst Design software an unaccredited version will be issued. This can be altered once training has successfully been completed.

Elmhurst Energy hold regular training courses on the use of the design software for SAP2009 building regulations compliance and for individuals who wish to produce On Construction Energy performance certificates.

For further information on training courses please see our website www.elmhurstenergysystems.co.uk or contact our New Build Residential Team on 01455 883236.
